The next meeting of the Ironton school board will be held July 6th. It may be that no action will be taken toward securing a teacher for the primary department before that date.

The railroad men tell us that unless the Iron Mountain soon makes some improvement in its equipment it will soon have to quit running trains. Engines, coaches and cars are getting in wretched condition.

Fruit and vegetable shipments have enlivened business on the railroad but that rush will soon be over now, and unless there is an awakening in other lines business will be as dull as it was all last fall and winter.

At the Bazaar: A prize for the most serviceable Kitchen Apron; A prize for the daintiest Fancy Apron; A prize for the prettiest fancy (machine made) Corset Cover—at Academy of Music, June 25th, 1908.

June 7th, Whitsunday, there will be services in St. Paul's church at the usual hours, or at 7:30 and 11 A. M., and 8 P. M. The morning sermon will be one appropriate to the day, and at night there will be an address on "Christian Baptism—A History of the Sacrament."

Dr. Hale and family left Monday for St. Louis where they will remain a few days, and while there the Doctor will attend a course of Clinics; from there they will go to Chicago where the Dr. will attend another course of lectures. They will be away about three weeks.—Greenville Sun.

There was a double wedding in the office of Recorder Hawkins in the courthouse last Wednesday afternoon. The contracting parties were: Sam P. Wright of Irondale and Mrs. Minnie Hicks of Caledonia; and Chas. McNail and Sallie Braswell of Caledonia. Justice Rasche performed the ceremonies.

A couple of traveling men had a narrow escape from drowning in the Shut In ford, east of Arcadia, Tuesday evening. They drove into the creek and because of the high waters were unable to get the rig out of the stream. The men got out with the assistance of the neighbors, and the team was finally got to land.

The announcement is made that J. C. Paulus of Bellevue wants the Republican nomination for county judge of the southern district. 'Tis the first time in the history of the county that the people of the southern district have been called on to vote for a man for associate justice who does not live in the district.

Our postmaster was out of his office several days last week on a trip to the extreme west end of the county. His mission, it is understood, was to try and induce some Republicans to run for county office this year. There used to be such a thing as "offensive partisanship" in a federal office holder, but the Republicans have made it an iridescent dream.

Gratz B. Lindsay, an old Ironton boy, was here last Saturday to secure summer quarters for his mother and his sister-in-law, Mrs. J. P. Lindsay. They are just returning from California where they spent the winter. They will arrive here the latter part of the week and will be domiciled in one of Dr. Smith's cottages. Mrs. R. W. Carter will likely come with them.

A telephone message was received here Friday announcing the killing at Flat River at an early hour that morning of Harry Rapp, son of Mr. and Mrs. Henry Rapp. The young man

was run over by a train on the Illinois Southern road. How he happened to be on the track is not understood and there seems to be considerable mystery attached to the tragedy.

Tuesday of last week train No. 4, which is due here a little before five o'clock in the evening, was reported eight hours late. About eleven o'clock that night, John, the mail carrier, started to the crane with the mail, and he waited there until seven o'clock next morning when the train finally came along. A pretty long wait and John says he don't want many of them.

While a couple of young ladies from the valley were driving along the road between Iron Mountain and Bellevue Sunday before last their buggy ran over an immense rattlesnake that was coiled up in the road. The snake was badly injured but not killed and he rattled loudly and furiously and struck in every direction. A young man was called and dispatched his snakeship before he could do any harm.

In a fiasco that sometimes resembled baseball playing the Elis drubbed the Des Arc Sluggers to the tune of 12 to 0. The teams had met at Des Arc two weeks before and Greenville had won by a 1 to 0 score, and naturally a good game was expected here. But disappointment was rampant. The Des Arc boys were evidently awed by the multitude of spectators present, for they didn't put up near the exhibition of ball playing they did at home.—Greenville Journal.

Following is a list of the Republicans who have filed declarations with County Clerk Royburn that they will be candidates for county offices at the primary election, August 4th:

Representative—Ed. H. Caldwell.  
Judge Southern District—L. L. Schmidt.  
Treasurer—Wm. Keathley.  
Judge Western District—J. C. Paulus.  
Prosecuting Attorney—Wm. H. Temme.  
Sheriff—Geo. A. Leff.  
Assessor—W. T. Sawyer and Jos. C. Forshee.

W. H. Temme, asking the nomination for prosecuting attorney, is the man who came from St. Louis to Des Arc a couple of weeks ago to start an "Independent" (?) paper there.

Louis Johnson, a young man who has been employed at the convent in Arcadia for the past five years, was drowned in the dam at Iron Mountain last Thursday afternoon about three o'clock. Johnson, with quite a number of people, had gone to the dam fishing. While he and three other men were in a boat, probably thirty feet from the bank, the boat was capsized. Johnson could swim but it is said that some of his companions climbed on his back in the struggle to get out of the water, Johnson became exhausted and sank. The water was about eight feet deep. Johnson's home was in Bollinger county and the remains were sent there next day. The deceased was an industrious, faithful young man and was respected by everyone who knew him. The announcement of his untimely death was learned with sincere sorrow throughout the valley.

William Dennison, 17 years old, of 819 Bremen avenue, an expert swimmer, was drowned at the foot of Angelica street in the Mississippi yesterday at 7:16 A. M., when the boat in which he and Harry Green were rowing was capsized. Green was rescued by August Gardner, after being carried under a large barge and down the river about 300 feet. No trace of Dennison was found, and it is thought he was caught in a pile of drift wood. Dennison was an expert swimmer and, according to several of his friends, considered it an easy task to swim across the Mississippi and back. He is the son of Mr. and Mrs. Samuel Dennison. Mrs. Dennison became hysterical when informed of the tragedy and is now confined to her bed.—Monday's Globe-Democrat.

The Dennisons are well known here, having lived in Pilot Knob several years. Many friends sympathize with the family in their sorrow.

A man who gave his name as George Odell and said his home was in Poplar Bluff, had a narrow escape from death at the Ironton station last Thursday morning. Odell was a passenger on train 26 bound for St. Genevieve to attend the Drummers' Celebration. Just as the train was leaving the station he stepped off the front coach and was thrown to the ground. He attempted to get on the second coach but was thrown and an effort to board the third coach resulted likewise. Then he staggered to his feet again and made a desperate effort to climb on the last coach in the train. He not only failed to get on the steps but was thrown down between the wooden railing and the track. The train was moving at a fair rate of speed by this time and how the man escaped death is miraculous. But in some way the train went on and Odell scrambled to his feet; beyond a few cuts and bruises he was not hurt. He said that his coat and vest were on the train and a telegram was sent to leave them at Bismarck. Odell followed on the local freight a short time afterwards.

We are selling our Buckwheat and Pan-cake Flour at five cents per package. Was sold at ten cents.

## Will Cure Consumption.

A. A. Harren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of anyone using Foley's Honey and Tar and not being satisfied. Sold by all druggists.

## Robertson—Riley.

Married—At Hotel Benson, Annapolis, Mo., Tuesday, June 2, 1908, at high noon, the Rev. H. A. Stowell officiating, Mr. Anderson M. Robertson and Mrs. Sarah J. Riley.

The wedding was a semi-private affair. The guests were Mr. and Mrs. J. S. Benson, Mr. and Mrs. E. V. Benson, Mrs. Mathina Bolch and son, and Benjamin Benson, all of Annapolis; while Ironton was represented by Mr. P. A. Myers and Miss Eliza Galloway. Mr. Myers was the groom's man and Mrs. Bolch the bride's maid.

The bride was arrayed in a handsome dress of golden brown satin, trimmed with white net embroidery. Immediately after the ceremony an elaborate dinner was served, and all who have dined at Hotel Benson will understand that it was of the best quality.

Mr. Robertson is one of the best known conductors on the Iron Mountain, having served that road in this capacity for thirty years.

Mrs. Riley was a resident of Ironton for more than a decade, and will leave behind her a number of warm friends.

The happy pair left on express train No. 1 for St. Louis where the groom has purchased and fitted up for his bride a beautiful home at 1524 Mississippi avenue, facing Lafayette Park.

The newly wedded pair was given a cordial reception by the train crew and passengers who also saw to it that there was no lack of entertainment.

Rice and other good things were distributed in generous quantities where they would do the most good. The baggage was decorated until it was a thing of beauty and an inspiration to all beholders.

The best wishes of their many friends go with Mr. and Mrs. Robertson.

Quite a sad accident happened at the Iron Mountain Lake last Thursday; Louis Jansen was overturned, and Mr. Jansen was drowned. His body was brought to Middlebrook Friday morning and sent to Lutesville on No. 26.

George Gassman and Chas. Gassman and wife visited home folk Sunday.

## Des Arc Items.

Quite a crowd of people attended the memorial services at the Des Arc cemetery Sunday. Rev. Alcorn delivered a very appropriate sermon for the occasion. If God ever called any one to preach it is Rev. Alcorn. He was once a very wicked man. Now he is just the reverse, and has been living a Christian life for twenty years. His sermon was a great help to many and there were many tears wiped away.

By this time many have seen our new Des Arc paper, the *Kronicle*. It is quite a new sheet and has much advertising patronage.

Well, prosperity has struck our town. E. W. Graves has started up with a full force of men.

There were 400 cars of stock between Little Rock and Piedmont Sunday. There were trains every hour Sunday and Monday.

Well, June is here. We were married in the June time when our hearts knew no pain. And we have sunshine in our souls to-day.

Wiley O'Neal and wife were here Sunday and attended the memorial service. We were glad to welcome Wiley and his wife back at their old home once more. They will never forget Des Arc for they have dear ones lying on yonder hill, who will ever be fresh in their memories.

Mr. and Mrs. Strader attended church in Ironton Sunday. Also Miss Allie Fitz.

John Lovelace is out this week calling on the voters. John is a good worker and a first-class man. You can't do better than to vote for him. He is one of the best men in this end of the county, is a son of James Lovelace, whom everybody knows and is one of our best citizens.

T. P. Fitz shipped seventeen cars of hub logs to Ironton in the month of May. He is now buying at Hogan and is there every Wednesday.

Three cars of hogs are being shipped from here this week. The farmer is on top.

I was at Arcadia last Wednesday and some reliable men told me that Rev. H. Polk was running on a wet ticket. I hope it is not so for it will ruin his prospects for election. The moral people will not support him. So, Rev. Polk, please come out and show your colors. If you are not, say so. Let us hear from you.

## ISAAC.

[As Mr. Polk is not in town to-day I will answer for him, and I speak by the card, having discussed the question with him a few days ago. Mr. Polk is not running on a "wet ticket" nor on a "dry ticket," but as a Democrat on a Democratic ticket. There is one thing may be said of him, and I hope it will ease "Isaac's" tender conscience. He is as "dry" in every day practice as "Isaac" is in outward theory, and an unco of unobtrusive practice is worth a ton of loud-mouthed profession. Those who know him know that, if elected Representative, he will obey the will of the Democrats of the county—not of any select coterie, whether that coterie be "wet" or "dry."—ED. REGISTER.]

## From Goodwater.

The weather during May was favorable for the growth of vegetation; hence garden and field crops, as well as meadows and pastures, present a thrifty appearance.

Corn planting, which was greatly retarded by the excessively cold and wet weather that prevailed here during April, has been completed. That which was planted a fortnight or longer, has germinated well and is growing rapidly.

Very few apple trees have any apples on them; none, excepting a few exceptionally favored locations, have enough to yield one bushel or more per tree. Peaches are conspicuous only by their absence. Strawberries yielded tolerably well.

W. D. Crocker and family, who recently returned from New Mexico, have moved into the same house formerly occupied and H. R. Henderson and family have moved to Crocker's Mill.

Editor Standfill and Mr. Adrian Steel, of Ironton, passed through here a few days ago, en route to Bixby.

Born: May 12th, to Otis Carl and wife, a son.

On the 20th inst., the three year old daughter of Mr. and Mrs. Willhite fell off a fence and a scalding which struck her, inflicted fatal injuries. Her remains were interred in Tolu Cemetery.

Merchant travelers representing St. Louis firms, respectively, called on our merchants during May: M. L. Townsend, Leslie Yount, M. V. Talbot, C. E. Mockbee.

Mrs. Henry Mackey, of Desloge, spent a week with relatives here recently and then returned home.

The following named persons visited relatives and friends here during the past month: Harvey Willhite and wife of Tolu; Lee Erbschloe and family, of Kirkwood, Mo.; Marion Payne, of Savoy.

## Bad Attack of Dysentery Cured.

"An honored citizen of this town was suffering from a severe attack of dysentery. He told a friend if he could obtain a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, he felt confident of being cured, he having used this remedy in the West. He was told that I kept it in stock and lost no time in obtaining it, and was promptly cured," says M. J. Leach, druggist, of Wolcott, Vt. For sale by Arcadia Valley Drug Co.

Dr. Price's Cream Baking Powder for nearly half a century has been giving the people pure food—long before a pure food law was thought out for either state or nation.

# DR. PRICE'S CREAM BAKING POWDER

Made from grapes—pure and healthful. No Alum—No Phosphates.

Chemical tests show that alum baking powders leave unchanged alum, an injurious metallic acid, in the food.

Be on your guard. Alum powders may be known by their price—30 or 25c a lb., or one cent an ounce.

## From Bellevue.

Owing to a very heavy rain which fell here Wednesday afternoon, there was very little farm work done in this locality the last three days of last week.

Wheat crops have improved very much within the past few weeks.

Three or four Republicans from Ironton were out here Tuesday looking after the interest of the Republican ticket for the coming primary election. We are informed that Postmaster Paulus was chosen as a candidate for Judge of the Western District.

We were mistaken last week when we said that a horse and mule, belonging to Ab. Townsend, were killed by lightning. We should have said that the horse and mule belonged to Bill Townsend, and not Ab. Townsend.

Dr. J. Q. Adams returned last week from a trip to Wyoming. The Doctor is very favorably impressed with Wyoming; but, of course, there is no place like "old Missouri," when we take everything into consideration.

J. C. Russell informs us that he has withdrawn from the race for County Judge of the Western District of Iron County. Had Mr. Russell remained in the race, he certainly would have made a strong fight for the position to which he aspired.

Chas. Paulus returned last week from Wayne County, where he went to attend the wedding of his brother, George, who married one of Wayne County's fairest daughters.

We understand that Dr. Paulus will locate in Arkansas to practice medicine.

It is reported that work of all kinds at the Munger mines is practically suspended. Just what turn matters may take in the future is somewhat problematical. It is to be hoped, however, that work may be resumed, and a vigorous effort put forth to ascertain whether there is mineral in that locality in paying quantity. The people there certainly have a right to know, and have accepted enough promises during the past year.

It is reported that Judge W. H. Shy, of Black, is a candidate for the office of Representative of Reynolds County. We have known Mr. Shy for more than twenty years, and know him to be a man of more than ordinary ability, and shall be glad to hear of his getting the nomination, which, in Reynolds at least, is the same as being elected Representative Shy, of Reynolds.

H. Latham and wife visited Mrs. Newman at Cedar Grove Friday.

Mrs. Heinz is confined to her room at this writing with a very severe attack of rheumatism.

The ladies of the Second Baptist church gave an ice-cream supper Friday evening at the home of Mrs. J. C. Paulus. The receipts were nearly twelve dollars.

The REGISTER failed to arrive here on time Thursday morning, and we noticed that a number of persons, when they failed to get it, returned to the office with this question: "Didn't the REGISTER come?" This shows how the people out here appreciate the REGISTER.

[The REGISTER should have reached Bellevue Thursday morning, as they were mailed here on time Wednesday afternoon.—ED. REGISTER.]
